NEBRASKA CHRISTIAN COLLEGE

Nebraska Christian College Agreement with Students for LOGOS™ Library

Nebraska Christian College has arranged a special discount for the Logos Libraries with Logos Bible Software™ for our students. The Logos Bronze library will be 50% off for our students giving them over 425 resources worth almost $8,000.00 in print. This will be included as a fee for the Bible Tools and Technology course. The school will retain ownership of the license if a student drops out prior to the completion of the two semesters. The school retains the right to transfer the library to an incoming student from the student who drops out and the student dropping out must remove the library from his computer(s).

My name is _____, a student at **Nebraska Christian College**, and I understand and agree that the Logos Library does not become my possession until I enroll for both semesters and have paid the school fees. I agree to remove the library from my computer(s) should I drop out of school before completing both semesters. I understand that the school will transfer my license to an incoming student and I will lose my academic discount status.
